Page 16

2 Q. Okay, how do you go about identifying new

3 business opportunities that might enhance GEO's revenue?

A. Well, you can do it a number of different

5 ways. Certainly we have a current portfolio or clients

6 that we service now and so certainly in having

7 discussions with them asking them if there are

8 additional opportunities that they foresee in the future

9 is one way. You know, we attend a lot of conferences,

10 we speak to a lot of people on the ground again figuring

11 out if there are opportunities that are coming.

12 Sometimes you look at - you look at the news, you read,

13 for example, like Miami-Dade is in need of a new

14 facility, a county facility so, you know, that - that

15 then sparks the - the additional activity to - to make

16 some contacts and reach out to see if it's actually a

17 real opportunity.

18 Q. Sure.

19 It is my understanding, and you tell me if I'm

20 incorrect, that you don't just do business development

21 regarding GEO's ICE detention portfolio but you also do

22 business development on other activities that GEO

23 conducts vis-a-vis Corrections or community supervision

24 or other residential treatment centers; is that right?

25 A. Correct. 2

community Corrections services as well.

Q. Do you advice or suggest to senior leadership

potential acquisitions of other companies or -- Yeah,

other companies. Let's start there.

5 A. No.

Q. You do not?

7 A. I do not.

Q. Okay, were you here when GEO acquired BI?

A. I was not.

Q. Okay, what was your highest GS level before 10

11 you - when you left ICE?

A. I was in the Senior Executive Service.

13 Q. Were you on the executive pay scale?

14 A. Yes.

15 Q. Did you seek or receive ethics advice prior to

16 leaving ICE and taking on your employment with GEO --

A. Yes.

18 Q. -- in July?

19 What was that advice?

20 A. What were my limitations, what could I do,

21 could not do. Basically the one-on-one on leaving the

government and going into the private sector.

23 Q. And I want you to understand I'm not asking

24 you for an exhaustive list of things you could or

25 couldn't do, but did you understand there to be certain

Page 14

Q. Okay, so you're not limited to ICE detention? 1

2 A. That is correct.

Q. Okay, but you are responsible for identifying 3

4 new opportunities and increasing corporate profits,

finding new sources of revenue within the immigration

6 detention space, right?

7 A. Not limited to the immigration detention

8 space.

9 Q. Okay, but that's one of your --

10 A. Sure.

11 Q. -- pieces of work, right?

12 A. Yes.

13 Q. Okay, is there anybody who specifically works

for you that's tasked with that end of it, the ICE

15 detention end of it?

16 A. No.

17 Q. Okay, and prior to getting your promotion and

18 taking over your current role, how did your job differ

19 from what it is today?

20 A. It was more focused on domestic and very

21 specifically to Detention and Corrections, so Federal,

22 State and local level.

23 When I received the promotion then additional

24 areas of responsibility were added to include

international and supporting some of our reentry and

guardrails vis-a-vis GEO's business with ICE?

2 A. Correct. Yes.

MR. DONOHUE: Object to the form.

BY MR. FREE:

5 Q. Okay, what did you understand those limits to

6 be?

3

7 A. I could not have contact with ICE officials

for - or I shouldn't say just ICE officials, DHS, any of

the component agencies for a twelve month period, I

10 could not sign correspondence that went to those

agencies. I could certainly advise my company

behind-the-scenes, but I could not participate in any

meetings, discussions that they would have with any of

14 those components within DHS.

15 Q. It's correct - it's correct to say that those

16 ethical guidance pieces that you got from your Agency

17 Q. Nobody that sticks out in your mind?

18 A. No.

19 Q. Okay, but they weren't on the tour with you,

16 A. I think we covered all of the facility.

17 Q. Okay, did Mr. Janecka or anyone else provide

18 you any written materials in advance of your visit?

19 A. No.

- 3 BY MR. FREE: Q. When you say a limited inventory of beds, what
- 5 I understand that to mean, and tell me if I'm wrong, is
- 6 GEO has a certain number of facilities with a certain
- 7 number of beds available that it could make available to
- 8 ICE and that number is limited at this moment?
- 9 A. Yes.
- Q. Okay, how would GEO go about increasing its 10
- 11 supply of beds that it could offer to ICE?
- 12 A. We would have to build more, more beds.
- 13 Q. Could you enter into intergovernmental
- 14 services agreements with counties or states instead of
- 15 building? In other words, take existing space and
- 16 manage the facility.
- 17 A. As a REIT that's not what we would prioritize.
- 18 Q. Why not?
- 19 A. Because there are REIT rules that determine or
- 20 govern how much of your business can be non REIT and
- 21 that would be non REIT, so that would not be our
- 22 preference.

1

- 23 Q. Do you have any idea, I'm not going to hold
- 24 you to an exact number, but do you have any idea how
- 25 much of GEO's business is non REIT right now?

- 1 there?
- 2 A. No.
- 3 Q. Do you recall approximately when that
- 4 corporate change occurred?
- 5 A. I - I'm guessing it might have been around
- 6 2014.
- 7 Q. Did you have any role in shifting the
- 8 corporate structure from what it was before to what it
- is now?

11

14

19

- 10 A. No.
  - Q. Okay, that's not something that you were
- 12 working on?
- 13 A. Correct.
  - Q. Okay, but it does in some way limit the --
- 15 GEO's REIT structure does in some way limit, if I
- understand your testimony, the number of beds that GEO
- 17 can offer ICE?
- 18 MR. DONOHUE: Object to the form.
  - THE WITNESS: I don't think that REIT
- 20 structure necessarily limits. It's basically what

- 2 Q. Okay, so you don't - you can't tell me today
- 3 as you're sitting here how much room GEO has to kind of
- 4 maximize that non REIT income?

A. I do not know.

- 5 A. No, I do not.
- 6 Q. Okay, is the contract with Adelanto a REIT or
- 7 non REIT activity?
- A. It is a REIT activity. 8
- 9 Q. Why is that?
- 10 A. Because we own and operate the facility.
- 11 Q. Okay, so do you have any understanding
- 12 generally of the benefits of being a REIT to GEO?
- 13 MR. DONOHUE: Object to the form.
- 14 THE WITNESS: My understanding of the benefit
- 15 is more tax related and I can't get - I don't know
- 16 the specifics of that, but I know there's a benefit
- 17 and then there's certainly a requirement to
- 18 distribute, I'm not sure if I'm going to get this
- 19 term right, but your profits back to shareholders.

- 21 Q. Do you happen to know the percentage that has

- 23 A. I don't.
- 24 Q. Okay. That's okay.
- 25 Has GEO always been a REIT since you've worked

- Page 32 Q. Okay, yeah. I take your point. I think what
- you're trying to tell me is in order to provide ICE more
- beds we would have to own and build more facilities and
- we don't have many more right now?
- 5 A. That is correct.
- 6 Q. Thank you.
- 7 Okay, do you happen to know as you sit here
- 8 today how many facilities GEO owns that it contracts
- 9 with ICE to house adult immigration detainees?
- 10 A. You said you're not going to hold me to the

- 12 Q. I'd like you to do the best you can.
- 13 A. I think - I think it's fourteen.
- 14 Q. But, yeah. No, we're --
- 15 A. Yeah.
- 16 Q. Okay, how many in California?
- 17
- 18 Q. Okay, which ones are those?
- 19 A. That would be the Adelanto facility and the
- 20 facility known as Mesa Verde.
- 21 Q. That's in Bakersfield?
- 22 A. Correct.
- 23 Q. Okay, do you have any understanding as you sit

June 13, 2019 37–40

Page 40

Δ	Yes		

- 2 Q. Can you tell me what those types of contracts
- 3 are.
- 4 A. Well, there's two types of contracts. There -
- 5 there's what we call a direct contract, and I don't know
- 6 if that's the proper term, which is where an RFP is
- 7 issued, the government follows the Federal Acquisition
- 8 Regulations, we provide a response, they accept it or
- 9 reject it, if they accept it then we enter into
- 10 negotiations and then a a contract is finalized and
- 11 executed and then there's a number of activities and
- 12 deliverables from that point forward in executing the
- 13 contract.
- 14 The other is an intergovernmental service
- 15 agreement which I think is maybe covered by the FAR as
- 16 well, but that's those are the only two types of
- 17 contracts I'm aware of.
- 18 Q. Within the first bucket, the direct contract,
- 19 it's my understanding that those are contracts that are
- 20 directly between GEO and ICE; is that right?
- 21 A. That's correct.
- 22 Q. And then the intergovernmental service
- 23 agreements or IGSAs are contracts between GEO, ICE and
- 24 some third-party; is that right?
- 25 A. Correct.

- Page 39

  1 words, if a service processing center is federally owned
- 2 and GEO is not the Federal Government and therefore does
- 3 not own any Federal facilities then you couldn't enter
- 4 into a service processing center agreement?
- A. That's not correct because --
- Q. Okav.
- A. -- the operations, the transportation, the
- 8 medical, the food is all outsourced at NSPC, so
- 9 potentially, yes, we could bid on any one of those
- 10 services should the government issue a procurement --
  - Q. Okay.

11

- 12 A. -- in which they have.
- 13 Q. And do you, in fact, provide any of those
- 14 services at SPCs?
- 15 A. We do not.
- 16 Q. Okay, would those be REIT activities or non
- 17 REIT activities?
- 18 A. Those would be non REIT activities we wouldn't
- 19 pursue.
- 20 Q. Why?
- 21 A. Because we don't own the property.
- 22 Q. Okay, so what we're really talking about then
- 23 are contract detention facilities and IGSAs when we're
- 4 talking about a detention contract as opposed to
- 25 services contracts?

Page 38

- Q. And in the case of immigration detention
- 2 that's going to be a state or local government
- 3 typically; is that right?
- 4 A. Correct.
- 5 Q. Anybody else who could be the third-party in
- 6 an IGSA?
- 7 A. Not not that I'm aware of.
- 8 Q. Okay, and you can't think of any GEO contracts
- 9 that don't involve an IGSA GEO intergovernmental
- 10 services agreements, excuse me, that are not a state or
- 11 local government contracting with ICE and GEO?
- 12 A. Right. I'm not aware of any.
- 13 Q. Now within the first category that you have
- 14 described, direct contracts, can you tell me the
- 15 difference between a service processing center and a
- 16 contract detention facility?
- 17 A. A service processing center is typically a
- 18 government a Federal Government owned facility, so I
- 19 think they have four or five of those throughout the
- 20 country and a contract detention facility is one that is
- 21 privately owned.
- 22 Q. So the only part, if I understand your
- 23 testimony correctly, the only one of those that GEO
- 24 would compete for then is a contract detention facility;
- 25 is that right? You couldn't -- If a service -- In other

- Let me clear this up and say it a different

- 3 The Adelanto ICE Processing Center is operated
- 4 pursuant to an intergovernmental services agreement,
- 5 right?
- 6 A. Correct.
- 7 Q. It's not a contract detention facility?
- 8 A. We consider it a contract detention facility
- 9 because we own and operate that facility. The mechanism
- 10 by which ICE is able to obtain our services is through
- 11 the IGSA, but we consider it a contract detention
- 12 facility.
- 13 Q. And by we you mean GEO?
- 14 A. Yeah. Yes, GEO.
- 15 Q. Okay, so you do not consider it an
- 16 intergovernmental services agreement or you acknowledge
- 17 that it's an intergovernmental services agreement but
- 18 you treat it internally as a CDF?
- 19 A. Correct.
- 20 Q. The second one I said is right?
- 21 A. Treated as a CDF?
- 22 Q. Yeah.

23

- A. Yes.
- 24 Q. Understanding that there is this third-party
- 25 Adelanto, right?

Q. Okay.

9 A. Correct.

10 Q. It's probably a little easier to get contracts

11 done here than in the government I think just generally,

right? 12

13 A. Yes.

14 Q. Okay, do you know who's responsible within GEO

for the process that you've described that's underway to

figure out what the structure's going to be after

17 Adelanto pulls out?

A. I don't think I quite understand. I mean I -

we have an individual in a department that administers

the contract and then you have operations that actually

service - you know, provide the people and the - and the

transportation assets, et cetera, so there are different

components of GEO that will provide those activities and

24 services, so depending on what you mean.

20 A. Because we don't have a contract in place with

21 the Federal Government, with ICE.

Contract Administration.

9 Q. Okay, and she to the extent that there are

negotiations back and forth between GEO and ICE, 10

Miss Martin is the person who is the point of contact,

probably not exclusively, but she's the person who's

1 you start looking at the document, where in the

2 standards I would find the disciplinary segregation for

3 refusal to work?

A. Either in the - in the detainee work program

5 or possibly any policies regarding administrative

6 segregation.

7 Q. Okay, let's take those in turn.

8 Let's start with the detainee work program, so

9 I'll turn you to Section 5.8 of the PBNDS which begins

10 in this version on page 405.

11 A. Which page?

12 Q. 405.

13 A. Oh. 405.

14 THE VIDEOGRAPHER: Your microphone is

15 slipping.

16 BY MR. FREE:

17 Q. Have you ever seen these Performance-Based

18 National Detention Standards before today in any

19 version?

2

16

20 A. Yes.

21 Q. Aside from - before we dive into this, aside

22 from the voluntary work program standard and the

23 segregation standard is there anywhere else in the PBNDS

24 you believe would allow a contractor like GEO to

25 threaten disciplinary segregation for a detainee's

1 alone by yourself?

A. No.

2

6

14

17

3 Q. So there can be multiple people in a special

4 management unit cell on disciplinary segregation? Is

5 that your testimony?

A. It's my understanding that those types of

7 units do allow for more than one individual in a - in a

8 unit or a pod.

9 Q. Do you have any understanding as to the up -

10 the upward bound of that allowance? In other words,

11 what's the maximum number that you think you can put

12 into a special management unit cell?

13 A. I do not.

Q. In fact, like do you have any understanding of

15 in practice how many people are actually in the special

16 management unit cells?

A. I do not.

18 Q. Okay. All right, I am not going to go through

19 the entire 5.8, okay, point by point. That's the

20 Performance-Based National Detention work standard

21 governing the voluntary work program.

22 A. Okay.

23 Q. But you would agree with me that it's called

24 the voluntary work program, right?

25 A. Yes.

Page 176

1 refusal to work at an ICE Detention Center?

A. I don't think there is anywhere in here that

3 authorizes anyone to threaten a detainee. There are

4 sanctions for refusing work assignments or instructions

5 but, no, not threaten.

Q. Okay, the sanctions that you just spoke of forrefusing work assignments or instructions include

B disciplinary segregation as far as you understand it?

9 A. Some form of segregation. I don't know the10 specifics.

11 Q. Okay, and when you say segregation, do you

12 mean a special management unit as that term is used in

13 the Performance-Based National Detention Standards?

14 What are you thinking of when you say segregation?

15 A. Removal from the general population.

Q. To where?

17 A. To a unit where others who need that type of

18 housing are housed.

19 Q. What type of housing?

20 A. Either protective custody because they can't

21 be in the general population or some other type of

22 qualifications that would allow them to be moved into -

23 outside of the general population.

Q. Would you agree that segregation is another way of saying being alone by yourself, being in a cell

Page 178

Q. You would agree that under this standard all

work with the exception, like a few very limited

3 exceptions that I'll show you in a minute must be

4 voluntary in the voluntary work program, wouldn't you?

5 A. Yes.

6

17

Q. Okay, so there is a Section -- I'm sorry.

7 Tell me again, you told me before, but I want to make

8 sure I understood your answer. Tell me again what you

9 think the Performance-Based National Detention Standards

10 allow GEO to threaten disciplinary segregation for on

of things, I think, like not showing up at assignments.Can you just tell me so that I understand the behavior

14 and can you explain to me what you think the behavior is

15 that a detainee worker can do where GEO can put them in

16 disciplinary segregation for refusal to work?

MR. DONOHUE: Object to the form,

18 mischaracterizes, compound, vague.

19 THE WITNESS: Again I think I stated that

20 nowhere in here does it allow anyone to threaten a

21 detainee, but there are, I think, examples in here

of when a detainee can be placed into segregation or some form of discipline being rendered in a - in

or some form of discipline being rendered in a - in
 a process that describes how - how that is managed

and - and executed by the contractor.

Q.	Okay.		

2 If I said you and you've responded probably

3 GEO.

4 There were seventy-five thousand beds overseen

5 by GEO in the United States in sixty-four different

places, correct?

A. Correct. 7

Q. Turn to page three. Paragraph twelve, pricing

9 information staffing plans, do you see that?

10

11 Q. You testified under oath, "A bed-day or per

12 diem rate is the daily rate paid by the con - by the

13 government to a contractor for the comprehensive secure

residential care of detainees at a CDF." That's a

15 contract detention facility, right?

16 A. Correct.

17 Q. And the bed-day or per diem rates are the

18 things we were talking about earlier, right?

19 A. Correct.

20 Q. And you were saying about that's how you

21 established the price in - for a fixed rate contract?

22 Yeah?

23 A. Correct.

24 Q. Okay, so this is the same thing we're talking

25 about?

1

Q. Okay, "Representing approximately

2 sixty-five percent of the total facility costs." Do you

3 see that?

4 A. Yes.

5 Q. Did I read that correctly?

A. You did.

7 Q. Is that true?

8 A. That is true.

9 Q. Okay, "The labor costs are calculated based on

10 the application of the company's proprietary staffing

plan to the design and operation of the facility with

personnel decision" -- Excuse me -- "Personnel positions

13 priced in accordance with the minimum wages and benefits

set forth in the Department of Labor wage determination

15 issue for that particular RFP in the geographical area

that facility will serve." Did I read that correctly?

A. You did.

18 Q. The RFP is a request for proposal?

19 A. Yes.

17

20 Q. Okay, you say, "Each company has its own

21 proprietary approach to staffing based on its analysis -

based upon its analysis of the RFP work statement

requirements, company philosophy and operational

policies." Is that right?

25 A. Yes.

Page 220

Page 222 Q. Okay, so when you say each company, you're

talking about private corporations that are doing

immigration detention contracts, correct?

A. Or detention contracts. 4

5 Q. Okay.

6 A. Yeah.

7 Q. All right, broader than just immigration?

A. Right.

8

9 Q. Okay, this is industry wide, right?

10 A. Correct.

11 Q. Okay, then you say, "The bed-day rates and

12 staffing plans contained in the contractor's proposal or

bid are incorporated into the final contract unless they

are revised as a result of subsequent negotiation with

15 ICE." Is that right?

16 A. Yes.

17 Q. That's what you said and that's what's true,

18 right?

19 A. Yes.

20 Q. And we've seen reflections of that already in

21 the documents we've - we've looked at, right?

A. Yes. 22

23 Q. We saw the initial bed-day rate in the initial

24 IGSA of ninety-nine dollars per bed-day at a certain

level and then something lower at a secondary level

A. Correct.

2 Q. Okay, "The bed-day rate broadly includes all

3 daily operating costs of the facility including

7 A. Correct.

Q. All right, has any of that changed since 2015

9 or is that what the bed-day or per diem rate encompasses

still? 10

11 A. Broadly, yes.

Q. Anything that is - it's leaving out? 12

13 A. No. I don't think so.

14 Q. Okay.

15 A. I think those are broad categories.

Q. Okay, when you say broadly, what you're 16

17 saying is these are just kind of high level descriptions

18 of what's in the bed-day rate?

19 A. Correct.

Q. Okay, the next sentence says, "Of these costs 20

the largest single cost is for personnel." That's still

22 at the bottom of three. Do you see that?

23 A. Yes.

24 Q. Is that true?

25 A. Yes.

- 20 Q. Okay, if you could look at paragraph

- 23 A. Yes.
- 24 Q. All right, are these four examples facilities
- 25 that -- So the first one is the 2015 contract detention

- 9 A. Yes.
- 10 Q. That was in 2011?
- 11 A. Yes.
- 12 Q. Okay, above that in paragraph twenty you
- 13 describe the process of ICE -- I'll just tell you what
- 14 you said. You said, "Based on my information and
- 15 belief, there are four factors that affect ICE CDF -
- 16 that affect competition for ICE CDF contracts." Have I
- 17 read that correctly?
- 18 A. Yes.
- 19 Q. The first one is, "ICE identifies a restricted
- 20 geographic radius typically fifty miles in reasonable
- 21 proximity to the permanent ICE field office or an

- 6 A. Correct.
- 7 Q. The second one involves it appears Southern

- 9 A. Yes.
- 10 Q. Is that a detention contract?
- 11 A. No. It's a transportation contract.
- 12 Q. Okay, do you use the same staffing and bed-day
- 13 situation with transportation contracts as you do
- 14 detention?
- 15 A. I'm sorry?
- 16 Q. ICE -- Okay, so when we're talking about
- 17 bed-day rates and per diems --
- 18 A. Right.
- 19 Q. -- I understood all of the staffing plan
- 20 bed-day rate stuff that you said in this declaration to
- 21 pertain to detention centers, right?
- 22 A. Uh-huh. (Affirmative response). Correct.
- 23 Q. So here I see a transportation cost and it

- 1 relatively static but nonetheless drive the geographic
- 2 requirements for the proposed CDF." Did I read that
- 3 correctly?
- 4 A. Yes.
- 5 Q. I'm going to take a pause.
- 6 Do you remember the RFI that ICE put out that
- 7 we talked about earlier for the State of California?
  - A. Yes.
- 9 Q. Is it geographically limited to fifty miles in
- 10 radius from an ICE field office for the airport?
- 11 A. I don't recall.
- 12 Q. Okay. Thank you.
- 13 All right, the second is, "The prescribed ICE
- 14 geographic area the acceptable radius is regulated by
- 15 local county and city ordinances that restrict the
- 6 establishment of such a facility and are subject to
- 17 vocal opposition by neighboring residents." Do you see
- 18 that?
- 19 A. Yes.
- 20 Q. So that's your second of the four factors
- 21 affecting the competition for ICE CDF contracts, right?
- 22 A. Yes.
- 23 Q. When you wrote this or now do you understand
- 24 that there is any contractor that would be more

- Q. Right, but apart from that what I've said isaccurate?

- 4 MR. DONOHUE: Object to the form.
- 5 THE WITNESS: I believe so.
- 6 BY MR. FREE:
- 7 Q. Okay. Thank you.
- 8 And I think what I've said is reflected in
- 9 paragraph nineteen where you say on behalf of GEO on
- 10 page seven it says, "The next step involves estimating
- 11 non-labor expenses including medical services and
- 12 supplies, food service, inmate expenses" and so forth.
- 13 Do you see where you said that?
- 14 A. In paragraph nineteen?
- 15 Q. Uh-huh.
- 16 A. Yes.
- 17 Q. You say, "These costs are generally the same
- 18 for all CDF market competitors and are based on market
- 19 rates." It's the second to last sentence.
- 20 A. If we're competing for the same area?
- 21 Q. Uh-huh.
- 22 A. Yes.
- 23 Q. And I want to be really clear we're talking
- 24 about ICE detention facilities. I know that there's
- 25 some overlap in this declaration. For instance, you're

- Q. Attempts to identify a competitor's profit
- 2 based on its research as to elements one one through
- 3 three so that you can then deliver a lower per day rate,
- 4 GEO can develop a lower per day rate in response to a
- 5 proposal?
- 6 A. No. That answer is no.
  - Q. Okay.
- 8 A. We don't focus on what the competitor's profit
- 9 is.

7

11

- 10 Q. What do you focus on?
  - A. Mostly on what we think the per diem rate is -
- 12 is going to be. Again I mean depending on the
- 13 procurement and the location, the type of facility, how
- 14 it's laid out, et cetera could all drive, you know,
- 15 factors into into the per diem, so you look at a
- 16 facility that's thirty years old versus a facility
- 17 that's five years old. The thirty year facility's going
- 18 to be more labor intensive than the five year facility -
- 19 five year old facility so, I mean those are the types of
- 20 factors we we research and analyze to determine where
- 21 we think they're going to come out on a per diem.
- 22 Q. And by we you mean GEO?
- 23 A. GEO.
- 24 I'm sorry.
- 25 Q. It's okay. I'm doing it, too.

Page 260

- 1 using a CCA State Prison contract to reverse-engineer
- 2 the per diem, but my question is about costs being
- 3 generally the same for all CDF market competitors and
- 4 based on market rates.
- 5 A. Yes.
- 6 Q. Okay, paragraph twenty, "A CDF market
- 7 competitor can roughly identify the profit included in a
- 8 per diem rate from another competitor by adding together
- 9 the, one, labor charges for non-exempt hourly staff used
- 10 to operate the facility based on the staffing plan and
- 11 wage determination, two, estimated labor charges for
- 12 exempt, salaried staff in management and supervisory
- 13 positions and, three, estimated non labor charges." Do
- 14 you see that?
- 15 A. Yes.
- 16 Q. So you're basically saying you can figure out
- 17 their profits if you can figure out elements one through
- 18 three, right?
- 19 A. You can, yeah. You can get --
- 20 Q. Okay.
- 21 A. -- pretty close.
- 22 Q. Okay.
- 23 In fact, GEO does that as a business practice,
- 24 correct?
- 25 A. Does what?

- 1 A. Yeah, that's fine.
- 2 Q. GEO proposes and ICE approves a per diem rate,
- 3 correct?
- 4 A. Yes.
- 5 Q. The per diem rates in the Adelanto contract
- 6 are the results of GEO's application of the four factors
- 7 that you've laid out, correct?
- MR. DONOHUE: Object to the form.
- 9 THE WITNESS: Yes.
- 10 BY MR. FREE:
- 11 Q. There's no other factor other than labor costs

- 15 there's no other factor other than labor costs and

- 18 A. All four elements?
- 19 Q. Uh-huh.
